

The Unhappy Consequences of Undue Stealth in a Conjugal Life

Hamid Muridian¹

One serious issue in a conjugal life is the stealth which might usually happen during a couple's joint life. Undue stealth carries unhappy consequences seriously affecting the marital life. Knowing the negative consequences of their behaviors helps a couple to promote the expected knowledge in order to think about their later behaviors and to make correct decision on different occasions of their life.

The worst consequences of undue stealth are: suspicion, mistrust, harming the spouse and weakening the marital relations that lead to their cold feelings and coldly conjugal relations. The author has examined the negative consequences of the undue stealth explaining the related cases one by one.

The method followed for the collection of data is the examination of library documents and that for the conclusion is descriptive-analytic.
